RSVP by July 9th to [admin@motherventure.com](mailto:admin@motherventure.com)

When you surround yourself with images of what you want, your thoughts naturally shift to match those images and those desires. At this workshop we'll spend time defining our goals and finding images and phrases to represent them. Go home with a collaged poster board full of reminders of what you envision. Hang it in your office as a daily motivator.

At the end of the workshop you will have the option of sharing your board with the group. Past participants have found that the process of creating boards and sharing goals is an extremely powerful way to connect with others, potentially leading to long-term relationships and creative forms of accountability.

New Hope Farmers Market - Opening Day

All NV Members are invited to come and display their wares or promote their services at no charge on the opening day of the New Hope Farmers Market on June 13. The market runs from 8:00am-1:00pm and setup begins at 7:00. We have purchased a 10'x20' stall. We must provide our own tables and chairs. The amount of space you will be allocated will depend on the number of Members who opt to take advantage of this opportunity. Please RSVP your intent to display by Monday, June 8 to [admin@motherventure.com](mailto:admin@motherventure.com). Hope to see you there!
